ACE
Day Nursery

WELCOME TO ACE DAY NURSERY

NURTURING CURIOSITY, GROWING FUTURES

play room

The play room is a fun and exciting space to explore, imagine and learn through play.

We have lots of toys and activities to build friendships, develop skills and enjoy shared experiences.

Creative table

Our creative table is a space to express ideas, explore different materials and let imaginations grow.

We provide a variety of resources to encourage creativity, fine motor skills and confidence through art and hands-on experiences.

toilets

Our toilets are a comfortable and supportive space where we care for children's individual needs.
We support nappy changes, potty training and toileting, encouraging independence and confidence every step of the way.

Kitchen

This is the kitchen area where we cook a nut-free, vegetarian snack, lunch and tea each day, using fresh ingredients.

snack time

At snack time we sit together, enjoy healthy food and drinks, and have lovely conversations with our friends.

lunchtime

Lunch is a social and
enjoyable time.
We encourage independence
and try new, healthy foods.
The teachers support the children
to feel confident and
happy at mealtimes.

sleep and rest time

This is our quiet time to sleep
and rest after lunch.
Each child has their own bed and
parents bring in a blanket for comfort.

Cloakroom

The cloakroom is where
children store their belongings,
coats and wellington boots
for outdoor play.

Our garden is a special place
to explore nature, discover and grow.

mud kitchen

The mud kitchen is an imaginative and sensory-rich area to mix, create and explore through play.
